

SUPERIOR COURT OF CALIFORNIA
County of _____

SEARCH WARRANT
DUI Blood Draw
Penal Code § 1524(a)(13)

The People of the State of California
To Any Peace Officer in the above county:

Warrant No. _____

Name of arrestee: *[INSERT]*

Numerical identifier: *[INSERT CDL, CII, or other]:*

Vehicle Code violation: 23152 23153 23140

The affidavit below, which was sworn to and subscribed before me on this date, has established the following:

- (1) At the date and time listed in the affidavit, the arrestee was lawfully arrested in the above county for the above offense(s) and the arrestee remains in custody.
- (2) There is probable cause to believe that laboratory testing of a sample of the arrestee's blood will produce relevant evidence as to arrestee's guilt or innocence.

You are therefore ordered to promptly obtain a sample of the arrestee's blood and submit the sample to an approved laboratory for the purpose of determining its alcohol and/or drug content. This sample shall be obtained in a medically approved manner by a person who is certified to draw blood. Because this warrant authorizes a search for evidence that is constantly dissipating, it may be executed at any hour of the day or night. Pursuant to *Carleton v. Superior Court* (1985) 170 Cal.App.3d 1182, 1192 ["to restrain a defendant reasonable force may be necessary to properly withdraw a blood sample from an actively resisting defendant"], if the arrestee actively resists the execution of this warrant, and if officers have notified the arrestee that a warrant for this procedure has been issued, they may use reasonable force to obtain the evidence.
